

A Journey of Dedication and Service to the Perki Community

By Shri Ramesh Ankatwar

General Secretary – Perki Jansangham

Vidharbha

Dear Members of the Perki Community,

Greetings to all.

In 1990, the *Yuvak Sanghatana (Youth Organization)* was established in Nagpur under the leadership of **Mr. Avinash Dorshetwar** as President, while I had the honor of being appointed as the **Treasurer**, marking the beginning of my journey in social service. Through this organization, we celebrated the achievements of meritorious students and carried out various social initiatives.

In **1992**, new committee elections were held, and I was once again entrusted with the responsibility of **Treasurer**. For the next **ten years**, I faithfully served in this position within the *Perki Jansangham*.

From **1992 till today**, I have continued to be an **active Executive Member** of the *Perki Jansangham*. In **2023**, during the latest election, I was elected as the **General Secretary**. My core mission remains — to serve the community selflessly and to continue contributing positively to its development.

During my tenure in the *Vidarbha Executive Committee of Perki Jansangham*, numerous social initiatives, conventions, and felicitation programs were organized. Notably, over a period of **five years**, we led several **protests and marches at the State Assembly (Vidhansabha)**, demanding the inclusion of our community in the **Nomadic Tribes category**.

We successfully organized **mass marriage ceremonies** in **Pandharkawda** and **Armori**, and several **community felicitation programs** were also held. The **Central Office** of the Executive Committee was established in **Nagpur**, and a **Cultural Lawn** was developed at **Gorewada, Nagpur**, among other achievements.

I have also been an **active member** of the *Perki Samaj Savings Scheme* in Nagpur since **1992**, holding several positions over the years.

In addition, I am associated with the *Perki Samaj Seva Bhavi Sanstha (Charitable Organization)* in Nagpur. Through this organization, we have conducted several **educational guidance programs** for students from **Class 8 to 12** and their parents. We have also organized **seminars and felicitation programs** for professionals in the **medical field**, and several **health camps** have been held for the welfare of our community members.

All these initiatives are dedicated to the upliftment and unity of our Perki community. I pledge to remain **committed to the welfare and progress** of our people and sincerely hope for your **continued support and cooperation** in this mission.

I am deeply grateful to all the **senior members and fellow social workers** who have guided and supported me throughout this journey.

Thank you.
